Miss Mary I. Kirtley came down from Willits Friday and returned Sunday afternoon.

Miss Elizabeth Gray, of Mendocino, passed thru Ukiah Friday on her way to San Jose.

Miss Irma Todd, who has been quite sick for the past two weeks, is now gradually improving.

Joe Golgert brot a load of passengers over from Mendocino last Friday, returning the same day.

Clair Smith and Volney Seawell went down to Berkeley Friday to witness the A. A. L. field day.

Robert Marders, the genial landlord of Hotel Marders, at Potter valley, was in our city Tuesday.

B. B. Street, Sheriff of Modoc county, brot an insane patient to the local State hospital last Wednesday.

Mrs. M. M. Woods died at her home at Branscomb the early part of last week, at the age of 56 years.

Mr. Ralph, manager of the Eden Valley ranch, was in town this week hunting for men to work on the ranch.

A grand national carnival will be given by the class of Miss Louise Ames at Wilson & York's Hall on May 6th.

Mrs. Hamilton came down from Summit Wednesday to see a doctor she having run a nail in her foot, causing a very painful wound.

Mrs. E. H. Percy (nee Lura Kirtley) arrived in Ukiah Wednesday from Glen Blair via Willits, on a visit to her parents, Mr. and Mrs. N. B. Kirtley.

John Flanagan, of Mendocino, is in Fresno this week attending the Grand Lodge of A. O. U. W., as a representative from his lodge.

The hop men are busy pruning hops this week. There is quite a demand for hop roots and many are being shipped to points outside of the county.

Thos. McGough, who has been in Mexico for some time for the benefit of his health is very much improved and it is hoped he will soon be entirely well.

There was a social at the Christian church last Friday evening in honor of the pastor's Sunday School class, which was much enjoyed. Refreshments were served.

There will be services at the M. E. church, south next Sabbath. At 11 a. m. the sermon will be on "Care for God's Church" and at 8 p. m. on "Three Common California Sins."

Jack Defoe went up to Willits Tuesday to open up a new barber shop. He was one of our best tonsorial artists and will no doubt build up a good business in our northern city.

The four consolidated school districts, Hopland, Sanel, Fountain, and McDowell, will issue bonds to build a new and commodious school house at West Hopland.

L. Redemeyer was down from Laytonville this week attending to business. This office acknowledges a pleasant call from the affable gentleman.

Wash Bailey, while working on the new Grand hotel building last Tuesday, fell off a scaffold and injured his foot quite severely. He will be laid up for several weeks.

John Lucas, of near Calpella, who was seriously injured by a train striking his wagon at a crossing near Arnold Ford's last summer, is suing the railroad company for $5000 damages.

Geo. Higgins, who has been in San Francisco all winter taking treatment for rheumatism, has so far improved that he will return home today to remain permanently.

A sale of the Marks' stock ranch, comprising 6800 acres, at a figure over $35,000, was made by Rothermel & Co., of San Francisco. The purchaser is A. S. Mann, who will improve the property.

Attorney T. J. Weldon and District Attorney Duncan were in Willits last week in the vagrancy case of Fred Peters. The jury found Peters guilty and recommended a fine of $50 or 50 days in jail.

Deputy Sheriff D. M. Gibson has gone to Fresno as a delegate to the Grand Lodge, A. O. U. W., which met Tuesday. J. H. Carothers is filling Dan's place in the Sheriff's office.

On Wednesday Marshal A. J. Smith of Willits, brot down a young man named Chas. Guay, whom Justice Kenworthy had committed to jail for 60 days for defrauding an innkeeper.

Charlie, the eldest son of O. L. Stanley, of the Press, ran a long and rusty nail into his foot thru the shoe last Sunday. The foot swelled rapidly and lock jaw was feared, but the little fellow is now doing well.

Mr. and Mrs. Tisdale arrived in our city this week and will reside in the Sanford cottage on School street. Messrs. Tisdale and Cosgrove will conduct the new Hotel Cecil, as soon as it is completed. Ukiah is glad to welcome these people into our midst.

Mrs. W. A. Green, of this city, whose residence is on Perkins street, was taken to a hospital in San Francisco Tuesday by Dr. Lathrop and a trained nurse. Mrs. Green is seriously ill, and will undergo a delicate surgical operation.

Dr. Rob Thomas attended the A. A. L. field day at Berkeley last Saturday and reports it one of the best he has ever witnessed. He expects to go to Palo Alto to see the meet of Berkeley and Stanford track teams, which will be held tomorrow.

A fire alarm was turned in from the residence of W. E. Tucker about 1 o'clock Tuesday afternoon and the fire company turned out promptly, but happily their services were not needed, as it was only a chimney burning out.

Local talent, under the direction of Mrs. H. V. Weldon, will play "Border Land" in Marks' opera house on Saturday evening, Agril 23d. The proceeds are to go toward purchasing instruments for the U. R. K. P., 5th Regiment band. Admission 50c, 35c and 25c.

Wm. Southard has sold his house and lot on Main street, where he has resided for a number of years to Wm. Hill, late of Leavenworth, Washington, who will bring his family here to reside. Mr. Southard has not definitely decided upon his future plans.

World's Fair Contest

The DISPATCH is going to send four of Mendocino County's most popular young people to the World's Fair. Have you voted yet? If not, do so before the contest closes. Do not wait until it's too late, but vote now. The vote on Thursday noon was as follows:

FIRST DISTRICT

(Comprising Ukiah City and Valley.)

Bessie McGarvey, Ukiah,	3000
Bennett Pemberton, Ukiah,	2900
Bertha Williams, Ukiah,	2165

THE CONTEST CLOSES AT 6 O'CLOCK P. M., SATURDAY, MAY 28, 1904.

The votes will be counted on June 1st, giving ample time for the mail to reach this office.

Death of Mrs. W. A. Hagans

Mrs. W. A. Hagans, of this city, departed this life on Sunday, the 10th inst., after a long and very painful illness. Her death was not unexpected, but was none the less sad and to be regretted, for she was a good woman, loved by all who knew her. The funeral took place at 2:30 p. m. Tuesday from the family residence, Rev. W. O. Waggener officiating. The funeral was very largely attended.

The maiden name of the deceased was Mary Eliza Burnett and she was born in Santa Clara county May 14th, 1852, her father, T. S. Burnett, being a pioneer preacher, who was a brother of Peter H. Burnett, California's first Governor. She was a cousin of Judge Burnett, of Santa Rosa. She leaves a devoted husband and two sons, Roy and William, to mourn her loss. She had lived in Ukiah since 1868, and was married to W. A. Hagans twenty-one years ago. She was a member of the M. E. Church, South, and of the Order of the Eastern Star. The ladies of the Eastern Star attended in regalia, and the interment was in the Masonic cemetery. The surviving members of the family have the sympathy of all.

Attorney Mannon's Lecture

Attorney Charles Mannon's lecture at the Presbyterian church last Friday night was well attended, tho not as well as it ought to have been. The lecture was well delivered and its matter showed careful study and extensive research. The subject was "The Japanese," the speaker beginning with the earliest known history of that island people and tracing the same in regular order thru its important epochs to the present time, concluding with a brief account of the religion and customs of the brown men, and the causes which led up to the present Russo-Japanese war. It was an excellent lecture full of instruction.

Van Allen Mining Company

William Van Allen, of Ukiah, who, for several years has been doing development work on gold bearing ledges on the mountain three miles west of Ukiah, has incorporated under the laws of South Dakota and capitalized the company at $500,000, offering shares for sale at $1 each. Wm. Van Allen is president and Jno. A. Holmes, of South Dakota, is vice-president.

Mr. Van Allen has run three tunnels into the hill, the longest being 200 feet. Three ledges are laid bare. Mr. Van Allen says that the ore assays show from $3.65 to $26 per ton in gold. The ore can be worked by the cyanide process. There are also oil indications on the land. There is to be $50,000 of treasury stock, which is for sale at par and is fully secured against loss, is fully paid and non-assessible. L. K. Van Allen is secretary and treasurer.

Christian Church News

Two ladies united with the church last Sunday morning. A large audience was present. The congregation attended the union W. C. T. U. service in the evening. The subjects for next Sunday are "John Knox, the Reformer," and "John Calvin, the Thinker." To those who are interested in church history, these subjects will be helpful.

Rev. W. F. Cowden, of Tacoma, Wash., will speak in the church this Friday evening. He is an able speaker and a large audience should greet him. No collection.

Club Meeting

Those who have signed the Hearst Club roll are requested to meet in Wilson & York's hall on next Tuesday evening at 8 o'clock for the purpose of perfecting an organization. Remember the time and place—Tuesday, April 19th at Wilson & York's hall.

Santa Fe to Select Route

A dispatch from San Francisco, of April 12th, says:

Within the next two weeks the Santa Fe will have selected one of three prospective routes its engineers have surveyed for the new road from Eureka down to San Francisco bay.

Two of these routes are by way of Willits. One hugs the coast and goes thru Fort Bragg and Petaluma.

The problem is for the course southward of Willits. The company could easily parallel the existing line of the California Northwestern, but the officials shake their heads at this idea. They do not believe it would be wisdom to encroach upon a territory that is only sufficient to support one railroad.

One southern extension survey would carry the Santa Fe thru the neighborhood of Capay valley, Rumsey, Esparto and that country.

Chief Engineer Storey has a large force of clerks figuring probable construction cost from the data of the three different surveys. Results developed by these figures will have an important bearing in determining a choice, but the future earning power of a route will be a very important factor, as well as its stability and freedom from storm and other injuries to the roadbed.

It seems almost a probability that Willits will be one of the places thru which the new line will run. From Willits on will be more of a problem.

A DISPATCH reporter had a talk this week with a well-informed gentleman who is very close to high authorities in Santa Fe matters and he stated that he had good reason to say he knows the road will run down the coast and not via Willits. Time only will disclose the truth about it.

Degree of Pocahontas

On next Saturday evening a Degree of Pocahontas, the auxiliary of the Red Men, will be instituted in these hunting grounds. Mrs. Rena Shattuck, the organizer, has a list of 62 names, and more will probably be added before Saturday. Mrs. Minnie Betts, Great Pocahontas, will formerly institute the degree. All those who have signed the roll are requested to meet in Sanford's hall at 8 o'clock p. m.

Simmons-Day

Miss Lottie Day and Bert Simmons were married last Monday by Superior Judge J. Q. White in his chambers at the court house. The young people are both of Potter valley. The bride is the eldest daughter of Mr. and Mrs. John Day, of Day's resort. The groom is a well-known and popular young man. The DISPATCH extends congratulations and best wishes.

Death of J. D. Todd

James D. Todd died in Redwood valley on Friday of last week of paralysis. The interment took place Saturday, Rev. J. C. Bolster, of Ukiah, officiating in the funeral service. The deceased was 56 years old.

Hotel Cecil

Mr. H. Marks has finally decided to christen his new hostelry "Hotel Cecil," after the best equipped hotel in London. So Ukiah's fine new hotel will be known as Hotel Cecil instead of The Marks.

We hope the rumor that the Misses Redemeyer and Mrs. W. D. White will erect a two story brick house on property owned by them on State street opposite the court house will prove a reality.

Mr. A. A. Ward, of the [illegible] company, went to the city [illegible] urday to meet his [illegible] brot them up to our [illegible] They will reside in [illegible] house on State [illegible]

MUNICIPAL ELECTION

A Progressive Administration is Assured--Heavy Vote Polled

The city election of Trustees, Clerk, Marshal and Treasurer was held last Monday. The election passed off quietly, yet a large vote was polled. For Trustees, Messrs. Marks, Weldon and Lucas were elected by large majorities. Clerk Carothers was re-elected by 46 majority, while Demerrit was re-elected Marshal by a margin of 33. D. M. Gibson had no opposition for Treasurer.

The city is assured of a progressive administration, as the Trustees-elect are all good business men. It is understood that the new Trustees go into office unpledged, but have agreed to do the fair thing with the interests of all concerned. The proposition of expanding the light plant, and fixing up the side walks and streets will probably be attended to at once. The decisive vote given the new Trustees is certainly an indication of public confidence. The vote was as follows:

CANDIDATE	NO. 1	NO 2	TOTAL	MJR
For Trustees				
H Marks	165	100	265	
T J Weldon	154	99	253	
T A Lucas	146	100	246

Election at Willits

In the municipal election in the city of Willits Monday the following officers were elected: Trustees, H. D. Rowe, P. I. Lancaster and Brent Schow; Marshal, A. J. Smith; Treasurer, Wm. Baechtel; Clerk, L. Kenworthy.

A. A. L. Field Day

In the A. A. L. field day at Berkeley last Saturday the U. H. S. team stood third in the scoring, making only 18⅔ points. The points were pretty well divided up among the teams, Lowell, one of the best teams, only making 18 points. The Lick school won first and Oakland second places.

Shortage of Lamb Crop

The lamb crop is reported to be about 20 per cent short this year. On the Van Arsdale ranch, which was recently sold by Smith & W[illegible] 241 lambs were marked out of [illegible] sheep, while on the Laughlin [illegible] only 430 lambs were marked [illegible] over 2000 sheep. According to [illegible] ratio, then, the lamb crop is [illegible] 20 per cent short.

Sunset Magazine

"Sunset" is the only California magazine published. It is issued monthly and contains over 100 pages of splendidly written articles of special interest to people of the Pacific coast. The engravings and half-tone work are not excelled anywhere. It is a splendid magazine to send to eastern friends, and will prove a great "ad" to California. Many articles descriptive of Mendocino county find space in Sunset. The price of Sunset is $1.00, but it can be secured in conjunction with the DISPATCH for only 50c per year.

Sunset should find a welcome in every Mendocino home. Subscribe thru some DISPATCH candidate, or send direct to this office. Subscriptions to Sunset, if taken with the DISPATCH, will entitle one to votes in our great World's Fair Contest.

The Commoner.

Mr. Bryan's Paper.)

The Commoner has attained within six months from date of the first issue a circulation of 100,000 copies, a record probably never equaled in the history of American periodical literature. The unparalleled growth of this paper demonstrates that there is room in the newspaper field for a national paper devoted to the discussion of political, economic and social problems. To the columns of The Commoner Mr. Bryan contributes his best efforts; and his review of political events as they arise from time to time can not fail to interest those who study public questions.

The Commoner's regular subscription price is $1.00 per year. We have arranged with Mr. Bryan whereby we can furnish his paper and THE DISPATCH together for one year for $3.25. The regular subscription price of the two papers when subscribed for separately is $3.50.

Will Interest Many

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Cure will cure kidney and bladder disease in every form, and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Cure is taken in time. For sale by E. B. Gibson.

Both asbestos and platinum, in quantities sufficient to warrant investigation, have been discovered a short distance from Ukiah. The former is worth $200 a ton in the dirt or $1600 a ton cleaned, while the latter is worth more than gold.

New Sanitary Discovery

It has been discovered that the Bordeaux Mixture, so long known and used by orchardists as a spray for fruit trees, will absolutely destroy typhoid fever germs in drinking water, malaria fever germs in stagnant pools and marshy places and will clarify and purify the water supplies of cities. It is cheap and its use may work a revolution in sanitary conditions in hitherto unhealthy localities. The mixture is composed of copper sulphate, which is the ordinary blue stone used by wheat growers to prevent smut, together with lime and water.

The new steel bridge 184 feet long, a mile below Petaluma, was placed in position last week between the time the north bound morning train passed over the old bridge and 4:25 oclock p. m. of the same day, so that the first south bound train, the Ukiah express, passed over the new bridge. It was surely a fine feat of engineering.

Robbed the Grave

A startling incident is narrated by John Oliver, of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed at Mathews Drug Co.

A Great Sensation

There was a big sensation in Leesville, Ind., when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cases of Consumption, Pneumonia, Bronchitis and Grippe are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c and $1. Guaranteed by Mathews Drug Co.

Ate $15 Worth of Peaches

When the late William C. Whitney was Secretary of the Navy, he frequently gave "cabinet dinners." At one of these President Cleveland ate a little over $15 worth of peaches. They cost Whitney a little more than $5 apiece and the President ate three. The peaches bot for that dinner cost Mr. Whitney over $700. The grocer who got them for him paid $4 a dozen and charged Whitney $5 apiece for them besides the expense of a trip to New Jersey.

What Has Happened This Week in the Fog Belt

MENDOCINO PICK-UPS.

From the Beacon.

At the Citizens' meeting held at Murray's hall last Monday evening, called for the purpose of devising a plan by which the proper steps could be taken looking to the securing of a government appropriation for a lighthouse and fog signal station on Mendocino bay, there was a generous gathering of business men, all anxious to lend their moral support toward the enterprise. Wm. Heeser was made chairman of the meeting and Frank W. Beach, secretary. The secretary read the letter received from Congressman Bell relative to the lighthouse proposition, and some suggestive points bearing on the need of a light at Kent's Point, where the government owns a forty-acre tract reserved for that purpose.

After considerable discussion of the subject and some history narrated of the many wrecks of vessels up and down this section of coast which we desire lighted, and the large number of vessels which had had narrow escapes from the treacherous rocks in the past, upon nomination and motion the followiug committee was selected to draft suitable resolutions and to outline a plan to pursue in the furtherance of the project in hand: Dr. J. W. Milliken, Albert Brown and the Secretary.

The steam schooner tie up continues to deprive coast towns of shipping facilities, except for an occasional member of the windjammer genus. The Glenn came into port Thursday, being nearly a week on the way. She sprang a leak on the way up, and several tons of grain were damaged. Another schooner arrived at Caspar Thursday, some of her freight being for our merchants. The Union Lumber Co. has bought the bark Vidette and barge Tidal Wave, and will not wait for the cooks, waiters and firemen to settle their troubles with the steam schooner owners.

Best Cough Medicine for Children

When you buy a cough medicine for small children you want one in which you can place implicit confidence. You want the one that not only relieves but cures. You want one that is pleasant to take. Chamberlain's Cough Remedy meets all of these conditions. There is nothing so good for the coughs and colds incident to childhood. It is also a certain preventive and cure for croup and there is no danger whatever from whooping cough when it is given. It has been used in many epidemics of that disease with perfect success. For sale by Mathews Drug Co.

Men Past Sixty in Danger

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure, I feel better than I have for twenty years, altho I am now 91 years old." Sold by E. B. Gibson.

The rainfall at Jackson valley for the season to date, as reported by Observer Haun, has been 118 inches, the highest record yet observed.

Nothing Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy For Bowel Complaints in Children

"We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy in our family for years," says Mrs. J. B. Cooke, of Nederlands, Texas. "We have given it to all of our children. We have used other medicines for the same purpose, but never found anything to equal Chamberlain's. If you will use it as directed it will always cure." For sale by Mathews Drug Co.

PT. ARENA CULLINGS.

From The Record.

N. P. Howe has been chosen to represent Court Arena, A. O. F., at the Grand Court session in San Francisco next month.

It is expected that the mill and woods of Bender Bros. at Del Mar will start up Monday. Glad to learn that this firm will resume business so soon.

H. P. Chalfant, who has been engaged as foreman of the Albion mill for several year has accepted a similar position with the L. E. White Lumber Company at Greenwood.

Wm. Ketchum and Robt. Caughey went out to the hot springs Monday, walking most of the way. Mr. Ketchum reports uninjured the tanks and reservoir by the big landslide which covered them up. Mr. Caughey returned Wednesday to remove the slide and assist Chas. Philbert in putting the springs in shape for the summer guests. It is estimated that $500 must be spent in road building before the springs can be opened to the public.

Up to the present writing Gus Ericson, who disappeared on March 11th, has not been discovered. He left Lane camp No. 2 on that day with his packed valise intending to walk to town and leave in a day or two for San Francisco, where he had secured a job to go to Alaska fishing. It is believed that in crossing the Garcia river on the flume he fell into the swollen waters and was drowned. Diligent search has been repeatedly made along the banks in an endeavor to find the body or valise, but so far without success.

Pirating Foley's Honey and Tar

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. Sold by E. B. Gibson.

A Thoughtful Man

M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thot of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c at Mathews Drug Co.

Born, at Farmington, Wash., March 26, 1904 to Mr. and Mrs. W. E. Thompson, a son. The mother is a daughter of Mrs. J. B. Morse, of this city.

A Thousand Dollars' Worth of Good

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure, then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. Sold by E. B. Gibson.

A. W. Ralph, of Eden valley, was in Ukiah Tuesday.

Sciatic Rheumatism Cured

"I have been subject to sciatic rheumatism for years," says E. H. Waldron, of Wilton Junction, Iowa. "My joints were stiff and gave me much pain and discomfort. My joints would crack when I straightened up. I used Chamberlain's Pain Balm and have been thoroly cured. Have not had a pain or ache from the old trouble for many months. It is certainly a most wonderful liniment." For sale by Mathews Drug Co.

INCURABLE.

That is What the Books Say of Chronic Kidney Disease, But the New Fulton Compounds Have a Record of 87% of Recoveries Among Chronic Cases Incurable by All Other Medicines

Druggists know that kidney disease that has hung on eight or ten months has become chronic and that it is then regarded by physicians as incurable and that up to the advent of the Fulton Compounds that nothing on their shelves would touch it. It is a proven fact that nearly nine-tenths of all cases are now curable, and druggists themselves are taking the new Compounds. One of the recoveries was Dr. Zerle himself, the pioneer druggist of 522 Pacific street, San Francisco, and he gave it to over a dozen others who recovered. Here is another interesting recovery. (We copy from the Sacramento News of November 16, 1902).

"After a serious illness of over a year Judge J. R. Allen of this city has recovered and regards himself most fortunate in successfully battling with what is generally regarded as a fatal malady, Bright's Disease of the kidneys. In speaking of his case Judge Allen said: 'I believe that the treatment given me by my physician was in accordance with the best methods used in the regular practice of medicine, but it afforded me no relief. Hearing of the Fulton Compounds I went to San Francisco to investigate and was soon convinced I should undergo the treatment. It was three months before I noticed a change for the better. I used the medicine faithfully for nearly a year and can now find no evidence of the disease and am satisfied it is entirely eliminated. My appetite is good, I have gained seventeen pounds in weight and will be pleased to describe my experience to anyone who may call or write.'" —Sacramento News, Nov. 16, 1902.

The editor of the News himself was the friend who told Judge Allen of the Fulton Compounds. They are the only things known that cure kidney diseases after as well as before they become chronic, which happens about the tenth month. Equally efficient in dropsy, gout, rheumatism from uric acid and bladder troubles. Fulton's Renal Compound for Bright's and Kidney Diseases, etc., $1; for Diabetes, $1.50. John J. Fulton Co., 400 Washington street, San Francisco, sole compounders. Free analyses for patients. Send for pamphlet. We are the exclusive agents for these Compounds in this city

News From Potter

Every farmer is at work now. The hop fields and corn lands are scenes of busy activity. There are prospects of a good harvest.

The grain and pasture grass are growing rapidly. Hay will soon be ready if this growing weather continues. Many head of horses have had to be turned out on pasture, because of the lack of hay. Hay is now worth $20 a ton.

Miss Lizzie Smith has returned from her Eel River home and gone to Upper Lake. She expects to spend the summer at Witter Springs.

Charley Hopkins is a mechanic as well as an assessor. He has built a new fence around his residence in Pomo.

Gene Hopkins came home from Ukiah Saturday evening, returning returning for school on Monday.

The election is over. There was no campaign work. The voters came quietly to Centerville and deposited their ballots. There might have been some wire-pulling but it was not to be seen. When the votes were counted it was found that John Hughes, Wiley Pickle and R. W. Lamb were elected city trustees; Gene Holbrook, city treasurer; W. Kilbourne, city clerk. They are all good men for the positions, and will attend to their several spheres of duties.

Mrs. Gavin went to Ukiah Wednesday to visit her daughter, Miss Lulu, who is employed in the millinery business.

The rush on the road work still continues. A number of men are camped down near Fort Brown and are working there with teams and road scrapers. The roads of the valley are improving rapidly.

Four members of Bud Neil's family are down with the measles. They are all doing nicely and will soon be out again.

Mr. and Mrs. J. F. Pickle, Mrs. Nannie Lownes and Mrs. Bell Jones were in Ukiah Wednesday.

Miss Maud Neil is home from the Sacramento Valley.

Joseph Wattenberger and D. S. Jones have been on the invalid list, but are at work again.

Ukiah Business College Notes

Miss Mamie Oldham has accepted a position with the Telephone company and is giving good satisfaction.

Eugene Hopkins is with Lucas brothers, employed as a bookkeeper.

Miss Mattie Hughes is still in the employ of County Superintendent J. F. Barbee.

Miss Myrtle Brammar has accepted a position with Smith, Donohoe & Co.

Notice of Sale

OFFICE OF THE TAX COLLECTOR OF THE COUNTY OF MENDOCINO, STATE OF CALIFORNIA.

Notice of sale of property of the State pursuant to Section 3897 of the Political Code.

Whereas, on the 14th day of March, 1904, there was received by me and filed in my office a written authorization under the hand and seal of the Controller of the State of California, which said authorization was and is in words and figures following:

NOTICE.

CONTROLLER'S DEPARTMENT,
STATE OF CALIFORNIA.
To the Tax Collector of the County of Mendocino, State of California.

Whereas, on the 17th day of March, 1902, there was filed and recorded in the Controller's Office of the State of California, certain deeds conveying to the People of the State of California the title to those certain lots and parcels of land hereinafter described;

And, Whereas, said deeds recite the fact that said property hereinafter described was struck off and sold to the People of the State of California for the nonpayment of State and County taxes, penalties, and costs, and all charges levied and assessed against said property for the year 1895;

And, Whereas, five years have elapsed since the date of said sale, and no redemption, according to law, has been made of said property, or any part thereof;

Now, Therefore, in pursuance of the law in such cases made and provided, I, E. P. Colgan, Controller of the State of California, by virtue of the authority in me vested by the laws of this state, do by these presents authorize, empower, and direct you, the said Tax Collector, to sell at public auction, in separate lots or parcels, the property hereinafter described, in the manner following: Public notice shall first be given of such sale by publication for at least three weeks in some newspaper published in the county, or city and county, or if there be no newspaper published therein, then by posting a notice in three conspicuous places in the county, or city and county, for the same period, which notices must state specifically the place of, and the day and hour of sale, and shall contain a description of the property to be sold, and shall also embody a copy of this authorization.

The property above referred to and hereby authorized to be sold, is situate, lying, and being in the County of Mendocino, State of California, bounded and particularly described as follows, to-wit:

NW¼ of SW¼ Sec. 29, T. 23 N., R. 17 W., M. D. M. Sold to the State July 8, 1896.

That no bid shall be received or accepted at such sale for less than the amount of all the taxes levied upon such property, and all interests, costs, penalties, and expenses up to the date of the sale hereby authorized, together with all such subsequent taxes as may have been levied upon such property, up to the date of the issuance to the State of the deed or deeds hereinabove referred to, with all interests, costs, penalties, and other charges thereon added to such subsequent taxes.

That said sale shall be conducted in all respects as by law governing such sales.

Given under my hand and seal of office, at Sacramento this 12th day of March, A. D. 1904.

[SEAL] E. P. COLGAN, Controller.

By W. W. Douglas, Deputy.

Now, therefore, in pursuance of law and the statute aforesaid, public notice is hereby given that I will on Saturday, the 16th day of April 1904, at the hour of ten o'clock A. M., in front of the Court House Door at the main entrance to the Court House in the Town of Ukiah City, County of Mendocino, State of California, sell at public auction, to the highest bidder for cash, in lawful money of the United States, the said property hereinbefore in said authorization described, which authorization is hereby made a part of this notice, to-wit:

Situate, lying, and being in the County of Mendocino, State of California, and particularly described in said deed to the State above referred to as follows, to-wit:

NW¼ of SW¼ Sec. 29, T. 23 N., R. 17 W., M D. M.

LABOR UNION CELEBRATES

PORT BRAGG, March 25.—Altho the clouds hovered over Mendocino, as has been the case during the past six weeks of the protracted storm thruout Northern California, the 25th day of March was a bright one for Unionism. That date marked the event of the first annual anniversary of the institution of the Fort Bragg Labor Union, which is chartered by and affiliated with the American Federation of Labor. That date also marks the cutting of the string by which laboring men who had yet a speck of manhood left in their composition had heretofore been led by the bosses into the mire that eventually deprived men of the independence which American principles grant to them.

On the morning of the 25th a small piece of blue sky appeared in the east, thru which the sun greeted the American flag waving at the top of the union flag pole, a hundred feet high, erected by the union labor boys. The union headquarters building was profusely decorated with national colors in various designs.

A public meeting had been arranged for the evening with able speakers, music and dancing. At half past eight every seat in the lodge auditorium of Red Men's building was occupied by people of all classes, including many ladies who had come to hear the truth on the subject of unionism.

It must have been pleasing to President A. C. Blount, of the local Federal Labor Union No. 10,017, when he stepped to the front of the platform and was greeted by so large an audience. Mr. Blount briefly stated the objects of the meeting and introduced Jas. M. Diale, the business agent and one of the original organizers of the union. Mr. Diale made a short speech telling the audience of the great work that had been done by the coast unions to better the condition of the laboring class during the past year; that the work was well in hand and would be continued in spite of all opposition. The president then introduced Mr. Geo. C Orner, of the Westp rt Union, No 11,139. Mr. Orner is a man of bright mind, quick to perceive, and who from the first has been a valuable man in the ranks to the standard of labor on this coast. His speech left no doubt as to his position.

As one of the principal speakers of the evening Mr. T. J. Gallagher was next introduced. He needs no introduction to laboring men and their owners on this coast. He is one of the war horses in the interests of organized labor and is backed with facts, figures and sound arguments and has a forcible manner of [illegible] ing that holds the respectful attention of his audience from [illegible] finish. Mr. Gallagher has been a leader of organized labor for more than thirty years both on the Atlantic and Pacific coasts. He [illegible] you that labor organized to maintain and protect itself against acts of organized employers [illegible] grade labor; to secure a profit labor just as the employer does and a profit on the article manufactured for him by his employer.

In the industrial progress that has taken place during the past hundred years, all industry has taken on organization. Organization has learned that the cost of working man's labor is an ordinary living for himself and family with or [illegible] clothing to wear and the maintenance of a comfortable home, [illegible] and church privileges. Above this should be a profit from which may be enjoyed some of the pleasures of life with a few dollars to put away in the toe of the old stocking to fight misfortune when it comes into the house, whether in the garb of disease or accident. When this condition is brought about there will be less dissatisfaction between labor and capital, even if the profit of the employer permits the maintaining of a home in luxury, his children in the high [illegible] schools, and an occasional [illegible] to Europe of the whole family. [illegible] Gallagher gave facts concerning [illegible] of organized labor which [illegible] controverted.

[illegible] Bailey, of San Francisco, [illegible] of the State federation [illegible] on the Mendocino [illegible] introduced. The [illegible] Bailey has been on [illegible] the coast he has [illegible] gentleman, a good [illegible] he represents, [illegible] situation with good judgment. He thoroly believes in organized labor, as beneficial results cannot be obtained by the working man individually. An instance:

John Brown, an employee of the Union Lumber Co., goes to the superintendent and says, "Mr. Plummer, I wish to treat with you as an individual. I think twelve hours a day too many to labor. I want my time reduced to ten hours." Mr. Plummer tells him that is impossible. The whole mill must work alike. I cannot have three or four different times. All our machinery must start at the same time. If you work ten hours all would want to do the same. Brown realizes that he has lost his individuality; that he is one of a group and that if favors are to be got, he must unite with his fellow workers. That means organization. It may be said here that if organized labor wish to add the four or 5000 workingmen of the Mendocino coast who are engaged in one of the largest industries to their ranks, Mr. Bailey should be kept here for some months.

The Sulu orchestra furnished music during the evening and the ball took place at the close of the speaking at which time the large floor of the auditorium was filled with dancers until late into the night. Every detail was conducted in an orderly manner and was one of the greatest labor meetings ever held on the coast, and judging from the many favorable comments heard on all sides, will result in giving much strength to organized labor in this section of the State.

Adolph A. Grothe, of Bell Springs, was in Ukiah the early part of this week.

OFFICE OF THE TAX COLLECTOR OF THE COUNTY OF MENDOCINO, STATE OF CALIFORNIA.

[illegible] of property of the state purchased at sale, 1897 State Publication, for

Whereas, on the 1st day of March, 1904, there was reported to me and filed in my office a written statement, under the hand and seal of the Controller of the State of California, [illegible] and [illegible] was [illegible] and [illegible] following

NOTICE.

CONTROLLER'S DEPARTMENT,

STATE OF CALIFORNIA.

To the Tax Collector of the County of Mendocino, State of California.

Whereas, on various lands there were filed and recorded in the Controller's office of the State of California, certain deeds conveying to the People of the State of California the title to the certain lots and parcels of land hereinafter mentioned;

And Whereas, said deeds recite the fact that such property hereinafter described was struck off and sold to the People of the State of California for the nonpayment of state and county taxes, penalties, and costs, and all charges, taxes, and assessments against said property for the years 1893 and 1894;

And Whereas, five years have elapsed since the date of said sale, and no redemption, as required by law, has been made of said property, or any part thereof;

Now, Therefore, in pursuance of the law in such case made and provided, I, E. P. Colgan, Controller of the State of California, by virtue of the authority in me vested by the laws of this state, do hereby authorize, empower, and direct the said Tax Collector, to sell at public auction, in separate lots or parcels, the tracts hereinafter described, in the manner hereinafter [illegible]. Public notice shall first be given of the sale by publication for at least three weeks in some newspaper published in the [illegible] and county, or if there be no newspaper published therein, then by posting a notice in three conspicuous places in the [illegible] and county, for the same period, which notice shall specify the place, [illegible] and shall contain a description of the property to be sold, including a copy of this authority.

[illegible] above referred to and hereby authorized to be sold, is situate, lying and being in the County of Mendocino, State of California, and particularly described as follows, to-wit:

EXHIBIT "C."

Also [illegible] of SW¼, W½ of SW¼ sec. 26; NE¼ of SE¼ sec. 27, T. 5 S., R. 7 E., H. M., 160 acres. Sold to the state June 28, 1895.

That no bid shall be received or accepted at such sale for less than the amount of all the taxes levied upon such property, and all interests, costs, penalties, and expenses up to the date of the sale hereby authorized, together with all such subsequent taxes as may have been levied upon such property, up to the date of the issuance to the state of the deed or deed hereinabove referred to, with all interests, costs, penalties, and other charges thereon added to such subsequent taxes.

That said sale shall be conducted in all respects as by law governing such sales.

Given under my hand and real [illegible] office, at Sacramento, this [illegible] day of February, A. D. 1904.

E. P. COLGAN,
Controller.

Now, therefore, in pursuance of law and the statute aforesaid, public notice is hereby given that I will on Saturday, the 16th day of April, 1904, at the hour of ten o'clock A. M., in front of the Court House Door at the main entrance to the Court House in the Town of Ukiah, County of Mendocino, State of California, sell at public auction, to the highest bidder, for lawful money of the United States, the real property hereinafter in said authorization described, which authorization is hereby made a part of this notice, to-wit:

Notice to Architects

The Board of Managers of Mendocino State Hospital invites competitive plans and specifications in detail for the erection of an assembly hall or connecting building between the Administration Building and the ward buildings of the Mendocino State Hospital, to be erected on the premises of said Hospital, near Ukiah, in the County of Mendocino, State of California, to cost the sum of Twenty-seven thousand eight hundred dollars, including the sum of $1300.00 premium for the plans and specifications adopted and the supervision of the erection of the building to completion. The proposed building is to be erected between the Administration Building and the ward buildings of said Hospital and is to be connected directly to the ward buildings and to run to within 12 feet of the Administration Building and is to be 57 feet in width north and south, and 70 feet in length east and west. Said building to be joined to the Administration Building from this point on each floor by a hall or corridor 12 feet in width and 12 feet in length. Material, brick and stone to correspond with present Administration Building. Slate roof.

Basement floor to be of cement and interior finished with plaster and white coat, and necessary partitions.

Second floor to contain rooms and apartments for employees. Third floor to contain assembly hall, with stage, etc.

Building to be provided with complete system of ventilation, heating gas pipes, electric wiring for electric lighting and for telephones, plumbing, painting, with drainage and sewerage to be carried outside of the building.

Said plans and specifications shall present a full, complete and accurate plan or plans for such building in all its parts, showing all the necessary details of the work, together with working plans suitable for the use of mechanics or other builders during the construction thereof, so drawn and represented as to be plain and easily understood; and also accurate bills showing the exact amount of all the different kinds of materials necessary in the erection thereof to accompany said plans and specifications; also full and complete specifications of the work to be done, showing the manner and style in which the same will be required to be done, giving such directions for them as will enable any competent mechanic or other builder to carry them out and to afford contractors necessary information to enable them to understand what will be required in the erection of such building, and to make a full, accurate and complete estimate of each item of expense, and the entire aggregate cost of such building when completed.

The sum of $1300.00 premium will be paid to the architect whose plans and specifications are adopted, which shall be full and complete compensation for all services performed by such architect of every kind and nature in the construction and erection of such building, including the furnishing of such plans, guarantee that the total cost of such building, said premium and supervision of said building to its completion shall not exceed the sum of $27,800.00.

The plans and specifications must be delivered on or before ten o'clock a. m. of the

7th Day of May, 1904,

to W. W. Cunningham, Secretary, at Ukiah, California.

The Board reserves the right to reject all or any of said plans and specifications, and the said premium of $1300.00 will only be paid to the architect or architects whose plans are adopted by the Board of Managers.

Further information may be had by applying to W. W. Cunningham, Secretary, at Ukiah, California. a15-m6

OUR TREASURY SEAL.

The Inscription It Bears and Its Early Significance.

Probably few Americans, young or old, have had sufficient curiosity in examining a bank note to translate the Latin device on the seal of the treasury and to inquire how it happened to read as it does. A writer in the Washington Star believes the inscription throws light on the hopes of our forefathers regarding American dominion.

"Thesaur. Amer. Septent. Sigil." is the legend, an abbreviation of "Thesauri Americæ Septentrionalis Sigillum," "Seal of the Treasury of North America."

The Continental congress in 1778 authorized a committee, consisting of Messrs. Witherspoon, Robert Morris and R. H. Lee, to design seals for the navy and the treasury. The treasury seal has come down to us with very little change.

In those days it was still hoped that Canada would eventually join the Revolution or would at least be wrested from Great Britain before the struggle was over and would become one with this country. That was apparently a project dear to Robert Morris, and he looked upon his country as the whole of North America.

Later, when authorized to establish a bank and a mint "of North America," Morris maintained the legend on the seal, showing that he still hoped for a continental nation. Whenever the seal has been recut the original legend has been adhered to.

INDIA SUPERSTITIONS.

A Typical Story Illustrating the Belief In Animal Ghosts.

India is full of animal ghosts, from the Himalayas to Cape Comorin, if the natives may be believed. Here is a typical story:

"By the beard of my father, sahib, I speak straight words," said an old Mohammedan mahout. "One evening we were hunting wild elephants in the jungle for our lord, the maharaja of Gidhaur. I saw a large tusker alone by a pool. His color was grayish white, and my heart beat fast, for I thought Allah had been gracious to me and had placed in my hands that greatest of all prizes, a lord white elephant. Cautiously I urged my own tame elephant toward him, hoping that while they made friends I could bind him fast to a tree by the rope. My beast trumpeted in terror and trembled violently, but I goaded him on, and then when I put my hand on the white elephant I felt nothing but air. It was a ghost elephant, one of those elephants which come back after death to walk the earth because in this life they went forth and murdered men. I went from the spot as if Shaitan himself were at my heels, and soon afterward I made a pilgrimage to Mecca to avert the curse. But my elephant fell sick and died."

Proving the Convexity of the Earth.

An experiment was made a hundred years ago or so on the Bridgewater canal, in England, to prove the convexity of the earth. At intervals of five miles in a straight stretch of the canal three posts were driven until their tops were precisely six feet above the surface of the water. Then careful measurements and observations were made from either end, with the result that the top of the center post was found to be some distance above a line drawn from top to top of the first and last posts.

The experiments were repeated a number of times, always with the same result. This proves for ordinary persons that the earth is convex, but scientists reached the same conclusions by more scientific ways.

A Sure Thing.

A witty individual one morning wagered that he would ask the same question of fifty different persons and receive the same answer from each. The wit went to first one and then to another until he had reached the number of fifty. And this is how he won the bet: He whispered, half audibly, to each:

"I say, have you heard that Smith has failed?"

"What Smith?" queried the whole fifty, one after another, and it was decided that the bet had been fairly won. —London Tit-Bits.

An Eye to Business.

"So you are going to send his letters back, are you?" asked the blond.

"Yes," replied the brunette, with tears in her eyes. "But not until I have copied them all. They will make a splendid book, and I have a lovely title for them already, 'The Letters of a Lazy Lover.'"—Cincinnati Times-Star.

A Telltale Sign.

"Old Blinker is a confirmed bachelor, isn't he?"

"Yes, but I am sure that he was once engaged."

"Why?"

"Because he tells me there was a certain period of his life when he went to church regularly."—Detroit Free Press.

Great advantages offered to young men and women who wish to educate for business.

Preparatory Education Necessary

An ordinary English education will be all that is required on entering. Students found deficient in any of these branches will receive particular attention in those studies, and may graduate with as high honors by spending a little more time in the institution.

Individual Instruction

Our success in preparing our pupils for good paying positions is due largely to the fact that our scholars receive practical, individual instruction. We not only give a COMMERCIAL COURSE, but also a THOROUGH PRACTICAL BUSINESS TRAINING, that will fit all for good paying positions.

The Business Course Includes

Business mathematics, book-keeping, commercial law, banking, business forms and practice, letter-writing, spelling and good plain spencerian penmanship.

The Shorthand Department

Includes shorthand (Pitman system), typewriting (Smith Premier), spelling and business letter writing. No classes are formed; students may enter at any time. Our success in teaching can best be known by a personal interview with any of our pupils, whose names will be furnished upon application to the college.

UKIAH IMPROVING.

UKIAH is gradually putting on a metropolitan appearance, many improvements now being under way of construction. The latest noted improvement is that of Smith, Donohoe & Co. on the building occupied by them and the Commercial Bank. The addition gives the building a stately and massive appearance and has added greatly to the value of the property in that block. Messrs. H. B. Smith and W. P. Thomas are to be commended upon their enterprise.

Now if others will follow in the footsteps of these progressive citizens, Ukiah will be on the high way to progress and prosperity. Today Ukiah has not a single residence that is unoccupied. Within the past few weeks many strangers have come here with the idea of locating, but could not procure a house to live in. This is most gratifying and augurs well for the town. Some one who has a little money to invest could make good interest by erecting up-to-date cottages for rent. Let us fix up our sidewalks and streets and make Ukiah the most desirable residence city in the state. What our merchants desire is more consumers. The way to get them is to make the town attractive.

The new city trustees are all progressive citizens and have an opportunity to do much now toward improvement. Let the individual citizen set the example for municipal progress by emulating the example of W. P. Thomas and H. B. Smith and the city trustees will compel the silurians to do likewise.

A Lesson For Flooded Districts.

THE past two months have given a severe test to the levee systems of the Sacramento and San Joaquin valleys and but few of them have resisted the strain of flood after flood. Millions of dollars have been expended in levee building for protection and reclamation works within the last thirty years, but the floods break the levees and other millions in crops and other property are sacrificed. This year, the situation below Sacramento and Stockton has been and is most deplorable. Tho we in Mendocino can take care of from 50 to 120 inches of rainfall without loss from floods, and are not financially or directly interested in the subject of levees or reclamation, we cannot fail to take an interest in a subject which in reality affects the prosperity of the entire state.

The lesson which trustees and directors, of levee systems seem not to have thoroughly learned, is that no levee is stronger than its weakest point, and that "a stitch in time saves nine." The beginning of the lower river floods this year was the "Edwards break" near Sacramento, and it is admitted that the levee at that point had been weakened by gophers. But why had gophers been allowed to weaken it? The trustees and landowners knew in advance that gophers delight to "honeycomb" levees. Why then did they allow it? With thousands and millions depending upon the stability of levees, the levee managers go along all summer about their own business, allowing gophers to drill holes thru their levees in all directions. There is no excuse for it, and they simply court their own destruction. The only way to preserve a levee is to keep the gophers out of it by destroying them before they do the "honeycombing." Can this be done? "Sure Mike." But it requires vigilance. The levees must be patrolled by wide-a-wake men from January 1st to December 31st of each year. We know a levee system where this is done and altho the levees have to stand the pressure of two converging torrential rivers, which pour their floods down suddenly, and with ever increasing high water marks, there has been no breaks since away back in the 70's, before the directors got to be wiser than the gophers. We allude to the systems of Districts No. 1 and 9 in Sutter County. The river levee of No. 1 is 18 miles long, and it cost but $1200 a year to keep it clear of gophers, and it is patrolled every day, summer and winter. Two men do the work with traps and poison. The loss occassioned by the Edwards break this year would pay the cost of destroying gophers for centuries.

The Camino Real.

A great deal is just now being said in the press of California about the restoration of the Camino Real, otherwise known as the road which in the dreamy days of the California missions ran from Mission San Diego de Alcala, in San Diego County, to Mission San Francisco Solano in Sonoma County, connecting the long chain of missions between the two points. There is a halo of romance around the old missions and the road which connected them in the dim vista thru which we of this practical age look back into a past century, which for sentimental reasons would seem to justify something in the nature of the proposed restoration and improvement. But there is a practical side to the subject as well as the sentimental. Along many long stretches of the Camino Real there are already good roads but which would not suffer by improvement. But north of the northern terminus of the road there is a crying need for a well-build, permanent public highway to the northern boundary of the state. If the state is to take a hand in restoring the Camino Real, the road should be extended by state aid thru the counties of Mendocino, Humboldt and Del Norte to the Oregon line. Of course there are public roads along a good part of this line, but in many places they are hardly more than trails. From the practical stand point of the development of a magnificient country, now to a large extent isolated except by way of the sea, such a road would be of infinitely greater value than would the restoration of the Camino Real from Sonoma to San Diego.

Congressman Bell's Success.

CONGRESSMAN Bell is proving himself to be the greatest worker this district has ever had. He as been pressing the bill to throw the Round Valley relinquished lands open to settlement. Last Saturday the editor of the DISPATCH received the following telegram from Mr. Bell:

"Committee has reported favorably on bill. Lands to be surveyed and appraised exclusive of improvements. Homesteads open to actual settlers now there January, 1904, who have preference 90 days after lands are open for settlement. Prior occupancy credited to settlers. Settlers to pay appraised price in five annual installments."

The people of Round Valley will certainly appreciate Mr. Bell's efforts in their behalf.

Under the proper heading will be found the announcement of D. H. Lawson for Supervisor of the First District, subject to the Democratic nominating convention. Mr. Lawson has been a resident and taxpayer of the First District for many years and has been inseparably connected with its progress and prosperity. He is a native son and an enterprising and progressive citizen. He is about 40 years old, being just in the prime of life, and if elected will give the people the benefit of his energy and ability. He is a splendid road man and knows the needs of the district better probably than any other man in the district. If the people of the First District are alert to their interests they will nominate Mr. Lawson, and elect him by a large majority.

We call the attention of the Dispatch readers to the White House "ad" on page five. This store was opened up by the Jamison Bros. a little over a year ago. By careful attention to business and studying the wants of their patrons they have built up a splendid business. Recently the building was enlarged making room for a large and complete stock of dry goods and groceries. You can get anything you want at this store and at prices guaranteed to give satisfaction.

Cosgrove's Orchestra played to a large and appreciative audience in this city last Wednesday evening. The entertainment was of a high class and the Eagles are to be commended for their enterprise in affording the people an opportunity to hear a first-class musical.

In another column will be found the "ad" of the Ideal Store, where the housewife can procure the best and freshest groceries for the table. Mr. Jernigan is a newcomer here and solicits a share of the trade, guaranteeing courteous treatment and satisfaction to all.

John Duff, of Boonville, was in town Wednesday on business. John has leased the McGough ranch in Anderson valley and has gone into the hop business. He reports the crops in spendid condition in his vicinity.

BIGGER AND BETTER THAN EVER BEFORE. NOW A BIG SHOW.

Shows may come and shows may go, but like Tennyson's immortal brook, the great Norris & Rowe's combined trained animal show and circus carnival, will run on forever. And there is reason for this, flowery as the simile may seem, for each succeeding season witnesses the greater growth of this typically western enterprise. For instance, this season the owners of this now stupendous exhibition have enlarged their show to the proportion of a genuine two ring circus; adding circus novelties and special features from this country and Europe until it compares with the largest of all tented exhibitions. With infinite patience and love, with vast expenditures of money, gained by the encouragement of large audiences, appreciative of the increased size of the show each year, Messrs. Norris & Rowe have endeared themselves to the public. Tho the show has increased tremendously in size, no greater admission will be charged as the owners are confident of gaining in the end by the increased patronage of a public who have always been generous to them. Aside from the trained animal exhibition, which is always interesting to everybody, both young and old, many daring and sensational circus acts have been engaged from the principle circusses of Europe. Acres of snowy new canvass will house a city almost in itself and the public is assured a genuine surprise and keen enjoyment when Norris & Rowe give two performances at Ukiah Monday, April 18th. The grand spectacular street parade will be really a special attraction in itself this season. It will leave the show grounds promptly at 10:30 o'clock on the day of the performance.
